

How to FTP from Expression Web

1. Open Expression Web.
2. Click on the *Remote Web Site* tab  at the bottom of your screen or go to the *File* menu and select **Publish site**.

Note: If you do not see the *Remote Web Site* tab on your screen, go to the **File** menu and select **New**. Click on **Web site** . Select **General** and then click on **Empty Web Site** . Click the **OK** button and you will see the *Remote Web Site* tab at the bottom center of your screen.

3. Click on the *Remote Web Site Properties*  button.
4. Select the FTP radio button.
5. In the *Remote Web site location* text box, type in student-organizations.bentley.edu.
6. Click the **OK**  button.
7. In the *User name* field, enter your FileZilla username.
8. In the *Password* field, enter your FileZilla password.
9. Click the **OK**  button.

The Local Web site will display your Expression Web site and the Remote Web site will display your server site. You can use the arrows to transfer files between your computer to the server.
